

The ARCHITEK™ computerized directory system can be easily mounted onto any wall. All the components are contained within the unit and ready to plug and play. There is no need for major modifications to existing walls. All that is necessary to run the system is a single power outlet.

- **Easy to install**
- **Simple to maintain**

The ARCHITEK™

- Stainless steel enclosures are designed for just about any type of architectural situation
- Utilizes the latest touch screen LCDs and computer hardware
- All components carry a 24 month full replacement warranty
- All the software and tenant names are pre-loaded for a very simple plug and play installation
- Requires only a standard 110v power outlet
- Can be updated remotely or at the directory

ARCHITEK™ 19

The most affordable and simplest installation is our Architek™ 19 wall-mounted system.

- Ideal for smaller spaces or where installing within the wall is an issue
- Incorporates our 19" All-in-one Monitor/PC
- Simple front access for ease of maintenance

Dimensions:
Height: 20"
Width: 25"
Depth: 4"

ARCHITEK™ 32

The Architek™ 32 is designed for situations that require a directory with a larger screen and more lobby prominence.

- The directory is mounted vertically to meet all current ADA requirements
- Features a brushed stainless steel enclosure
- Incorporates a high resolution 32" LCD and mini PC
- Available with custom lettering or powder coated in a wide variety of colors
